SUMMARY

Undergraduate at **SLIIT** specialising in Software Engineering with strong experience in full-stack web development. Skilled in the **MERN stack** and **Java Spring Boot**. Passionate about solving real-world problems, delivering efficient systems, and working in Agile environments. Eager to contribute to a challenging internship and grow as a software engineer.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript, TypeScript, HTML, CSS, Tailwind CSS
Backend: Node.js, Express.js, Java, Spring Boot, Python, REST APIs
Mobile: Kotlin, Android Studio, React Native, Expo
Database: MongoDB, MySQL, PostgreSQL, SQL Server, Firebase
Tools: Git, GitHub, Figma, Postman, Vercel, Trello, Canva
Concepts: OOP, Design Patterns, MVC, Agile Development

PROJECTS

Agri-Waste Recycling & Marketplace System — (MERN Stack)

🌐 [GitHub](#)

- Developed a full-stack web platform connecting farmers with buyers and recycling companies.
- Built an admin dashboard with Chart.js analytics, low-stock notifications, and NodeMailer alerts.
- Ensured secure role-based access and real-time updates across all user portals.

Rajapaksha Foods — Food Delivery Web App — (MERN Stack)

🌐 [GitHub](#) — 🌐 [Live Demo](#)

- Built a campus-focused food delivery app for SLIIT users with order, payment, and delivery modules.
- Designed dashboards for admins, owners, and employees with inventory and financial reports.
- Integrated QR-based payment, role management, and deployment on Vercel.

AccessLanka — Accessibility Review App — (React Native + Supabase)

🌐 [GitHub](#)

- Developed a mobile app enabling users to review accessibility of public spaces in Sri Lanka.
- Built multimedia review & rating module adhering to WCAG 2.1 AA standards.
- Collaborated on a community-based forum and integrated Supabase cloud services.

Centralized Healthcare System — (Java Spring Boot)

🌐 [GitHub](#)

- Engineered a centralized hospital management backend using **Spring Boot** and **OOP Concepts**.
- Implemented modules for patient data, appointments, and billing with RESTful architecture.
- Applied design patterns and SQL integration for efficient data management.

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT) — BSc (Hons) in IT (Software Engineering)

(2023 – Present)

Current CGPA: 3.09 / 4.00

St. Joseph Vaz College, Wennappuwa — (2013–2021)

- A/L Physical Science (3S Passes)
- O/L 5A's, 3B's, 1C

PROFESSIONAL SKILLS

Problem-Solving — Teamwork — Adaptability — Communication — Analytical Thinking
